Any discussion on that motion? Senator Kremer.

SENATOR KREMER: Mr. Chairman, of course, I will oppose the motion to indefinitely postpone. We are trying to get at something that has been a problem and will continue to be a problem and let's let the bill move on and I will take it upon myself to see that an additional amendment is put on the bill that would say that the Department of Motor Vehicles shall see that this delinquency shall be filed with the Court Administrator. So I will oppose the amendment to indefinitely postpone and I will see that the language does say that he will be reported.

PRESIDENT: Senator Chambers, are you ready to close on your motion to indefinitely postpone.

SENATOR CHAMBERS: I would like to withdraw that motion, if the body will agree, based on what Senator Kremer says he will do.

PRESIDENT: LB 379 is advanced as amended. Senator Syas, for what purpose do you arise?

SENATOR SYAS: For the information that under the Rules, you either have to sign a document when you have it distributed or you have to announce it. Before somebody has a heart attack, I authorized the distribution of the Papio material on your desk. I was going to do it a half an hour ago but I did not think it would be gentlemanly for me to interrupt the debate. Now, so a couple of you, your hearts can calm down, I authorize it and I am going to authorize another one in a few minutes of the same nature as a follow up.

PRESIDENT: Senator Dickinson, for what purpose do you arise?

SENATOR DICKINSON: Mr. Speaker, members of the Legislature, may I respond....
